□ Organizational chart and processes:

Nature and Extent of involvement of Faculty and students in academic affairs/improvements

- The Philosophy behind Faculty Student Involvement: The Institute has been concentrating in Education, Training & Research on Management studies. These are globally recognized as emergent areas of rapid growth in the next two decades.
 - At Asian School of Technology special emphasis has been placed on developing an environment highly conducive to building of a solid foundation of knowledge, personality development, confidence building, and pursuit of excellence, self-discipline and enhancement of creativity through motivation and drive. All Students are encouraged in multiple extracurricular areas.
 - **Concept of Faculty Involvement:** The faculty focuses on developing and strengthening systems thinking, problem solving, analysis, design, team work, communication skills and preparing students for life-long learning. The faculty uses innovative techniques, interactive lectures, guided case studies, regular lab assignments, project work and critical and creative thinking.
 - **Faculty Development Programme(s):** Asian School of Technology believes in continuous training and development of its staff and teachers. The faculty is both multi-skilled and field specialized.
 - **Interactive Sessions / Seminars / Lectures / Presentations** are frequently organized; both in house and by inviting eminent external speakers to improve the quality of knowledge and skills.
 - Students are encouraged to explore the environment through participation in professional / curricular / co-curricular activities outside the Institute.
 - **System of student mentoring** has been put in place. Feedback is analyzed at Departmental level as also during meetings of various forums to imbibe and include new and valid suggestions.
 - **Faculty** is encouraged for undertaking R&D projects and do research to upgrade their knowledge.
 - Faculty is supported through to attend conferences / presentations / seminars and submit the reports, which are shared in the department for mutual benefit and enhancement of knowledge.
- A system of student feedback on faculty and teaching is in place. The student feedback analysis is considered by the management and appropriate points implemented for further improvement.
- Mechanism/ Norms and Procedure for democratic/ good Governance**
- The management recognizes the need for decentralization for the growth of the institute and accords autonomy commensurate with the level of management. Principal and heads are given autonomy for efficient governance.
 - The roles and responsibilities of administrators / decision makers for various assigned jobs listed below clearly depict the delegation of authority, providing operational autonomy leading to a decentralized governance system.
